- Conformity to GLP with I.D. and serial number outputs
- Auto Power OFF
- Portable-compact size, light weight, rugged body
- Sealed key panel protection against dust and spills
- Low profile and small footprint for minimal space requirement
- Overload protection
- Security ring to prevent theft
- Cast Aluminum Housing

Description

The revolutionary Super Hybrid Sensor (SHS) technology incorporated into the GF Series improves response speed and minimizes maintenance costs. This unique design provides the fastest response in its class only 1 second! The GF Series defies comparison with any other competitive device in its class.

With added features such as IP-54 rating, comparator function, animal weighing, a bright blue VFD display, and capacity indication modes, you are sure to work smarter with better results
